Thanks for the update John which is extremely helpful. Definitely let us know about John C's conversation with Dr. Valentine. We look forward to catching up with you and Enrique the week of the 14th, and meanwhile have a great vacation and don't check work emails too often.

Hi Nancy, Walker and Jeff,

Just a couple of quick updates.

## Ex. 5 Deliberative Process (DP)

We are pushing back the next meeting of the senior leaders group to June 24<sup>th</sup>.

# Ex. 5 Deliberative Process (DP)

Lastly, John Chesnutt and I will be speaking to Dr. Valentine on Monday – will let you all know how that goes.

I will be out next week (first vacation in a year). I will not have my computer but will have my iPhone and will check that once or twice a day.

Enrique and I would like to schedule a call with you during the week of June 14<sup>th</sup>. Primarily, we want to discuss approaches to managing, staffing and funding a next survey of Disposal Site #2. We are somewhat confused about what Scripps may be planning and the goals of that work. I recall Kathleen R. saying that there was a survey of Disposal Site #1 planned this summer. Mark Gold thinks that it's a survey of Site #2.

Let me know if you have any questions on the update above.
